

## 215.304 Evaluation factors and significant subfactors.

(c)(i) In acquisitions that require use of the clause at FAR 52.219-9, Small Business Subcontracting Plan, other than those based on the lowest price technically acceptable source selection process (see FAR 15.101-2), the extent of participation of small businesses to include service-disabled veteran-owned small business concerns, HUBZone small business concerns, small disadvantaged business concerns, and women-owned small business concerns in performance of the contract shall be addressed in source selection. The contracting officer shall evaluate the extent to which offerors identify and commit to small business performance of the contract, whether as a joint venture, teaming arrangement, or subcontractor.

(A) See PGI [PGI 215.304](#) (c)(i)(A) for examples of evaluation factors.

(B) Proposals addressing the extent of small business performance shall be separate from subcontracting plans submitted pursuant to the clause at FAR 52.219-9 and shall be structured to allow for consideration of offers from small businesses.

(C) When an evaluation assesses the extent that small businesses are specifically identified in proposals, the small businesses considered in the evaluation shall be listed in any subcontracting plan submitted pursuant to FAR 52.219-9 to facilitate compliance with [252.219-7003](#) .

(ii) In accordance with 10 U.S.C. 2436, consider the purchase of capital assets (including machine tools) manufactured in the United States, in source selections for all major defense acquisition programs as defined in 10 U.S.C. 2430.

(iii) See 247.573-2(c) for additional evaluation factors required in solicitations for the direct purchase of ocean transportation services.

(iv) In accordance with section 812 of the National Defense Authorization Act for Fiscal Year 2011, consider the manufacturing readiness and manufacturing-readiness processes of potential contractors and subcontractors as a part of the source selection process for major defense acquisition programs.

(v) Include an evaluation factor regarding supply chain risk (see subpart 239.73) when acquiring information technology, whether as a service or as a supply, that is a covered system, is a part of a covered system, or is in support of a covered system, as defined in [239.7301](#). For additional guidance see PGI [PGI 215.304](#) (c)(v).

(vi) Ensure source selections emphasize sustainment factors and objective reliability and maintainability evaluation criteria in competitive contracts for the—

(A) Technical maturation and risk reduction phase of weapon system design (see guidance at PGI [PGI 207.105](#) (b)(14)(ii)(2));

(B) Engineering and manufacturing development phase of a weapon system, including embedded software (10 U.S.C. 2443); or

(C) Production and deployment phase of a weapon system, including embedded software (10 U.S.C. 2443).

(vii) See [226.7202](#) for an additional evaluation factor required in solicitations when using the Demonstration Project for Contractors Employing Persons with Disabilities.

See DoD Class Deviation 2013-O0018, Past Performance Evaluation Thresholds and Reporting Requirements, issued on September 24, 2013, which updates the DoD thresholds for evaluating a contractor's past performance in source selections for competitive acquisitions. This deviation is in effect until incorporated into the DFARS or otherwise rescinded.
